A. Firm Information

LUSKIN FINANCIAL PLANNING registered as an investment adviser with the State of California in July 2021. We were founded on April 14, 2021. The Firm is an hourly fee-only investment adviser registered with the States of California with its principal place of business in San Diego, CA. The Firm was formed under Jon Luskin, LLC, a California limited liability company. Jon Luskin, LLC is fully owned and operated by Jonathan Michael Luskin (“Principal”).

The Investment Advisers Act of 1940 (“The Act”), Section 202(a)(11) defines “Investment adviser” as a person who, for compensation, engages in the business of advising others, either directly or through publications or writings, as to the value of securities or as to the advisability of investing in, purchasing, or selling securities, or who, for compensation and as part of a regular business, issues or promulgates analyses or reports concerning securities.

LUSKIN FINANCIAL PLANNING offers hourly, fee-only, as-needed investment advice under The Act. We provide advice to Clients who contact us directly and to Clients referred by other investment advisers, investment companies, financial planners, accountants, pension consultants, attorneys, and other professionals (“other Advisers”). We are not portfolio managers. We do not have discretion over Client portfolios or take custody of assets. A Client must implement on their own or through another adviser and using a custodian of their choosing. A Client may choose not to implement our recommendations.

LUSKIN FINANCIAL PLANNING generally limits investment recommendations to open-end mutual funds and exchange-traded funds (“ETFs”), primarily those that follow market indices. We will consider a Client’s preferred custodian and attempt to select mutual funds and/or ETFs that are available through their custodian at low cost and with low/no transaction fees. Some Clients have individual securities (stocks, bonds, etc.) they wish to retain. We may advise clients on those securities; however, we are not obligated to do so under the adviser agreement.

We serve as a fiduciary to Clients as defined under applicable laws and regulations. As a fiduciary, we uphold a duty of loyalty, fairness and good faith towards each Client and seek to mitigate potential conflicts of interest. Our fiduciary commitment is further described in our Code of Ethics. For more information regarding our Code of Ethics, see Item 11 – Participation or Interest in Client Transactions, Code of Ethics, and Personal Trading.

B. Advisory Services Offered

LUSKIN FINANCIAL PLANNING offers direct fixed-fee and hourly fee-only investment advice to individual Clients and Clients of other Advisers.

Hourly and Fixed-fee Investment Advice:

- Custom advice designed to use efficient and effective strategies that lower fees and taxes;
- For individuals, high net worth individuals, retirement plan sponsors; and, trustees of foundations, endowments and other non-profit organizations (each, a “Client”), and;
- Other Advisers who engage the firm to advise their own Clients directly or indirectly.

LUSKIN FINANCIAL PLANNING provides fixed-fee financial reviews hourly as-needed advice and for all Clients regardless of how they come to the firm. We provide the same service and charge the same fee as outlined in Item 5A for Clients who hire the Firm directly or indirectly through their other Adviser.

If a prospective client is interested in engaging the Firm, they will be provided a current Form ADV Part 2A combined brochure that includes Item 19 – Requirements for State Advisers and the firm’s privacy policy. Before we provide advisory services, we first enter into a written agreement with each Client or the Client’s other Adviser. Services are then customized for each Client.

LUSKIN FINANCIAL PLANNING believes in a passive investment philosophy and generally limit our recommendations to low-fee market-tracking products such as index funds and ETFs. We do not attempt to outperform the markets by timing, sector rotation, security selection or any other means.

In providing this advice, we begin by discussing each Client's background, goals, risk tolerance, and current holdings. This assists us in understanding a Client’s needs before recommending changes to their current strategy. We may provide, but are not limited to, one-time portfolio reviews, written investment plans, recommendations for implementation, and referrals to qualified third parties.

LUSKIN FINANCIAL PLANNING does not take discretion over the management of Client portfolios. Implementation is the Client’s responsibility or the responsibility of their other Adviser. We may recommend a third-party portfolio manager, financial planner, or other professional if a Client needs or

desires one. We are not compensated in any manner for Client referrals and do not pay for Client referrals. See Item 14 for information on potential conflicts of interest concerning third party activities.

Our agreement is typically signed by the Client and that client pays our fee. When a Client is referred to us by their other Adviser, either the Client or their other Adviser signs our agreement and pays our fee. The latter decision is between the Client and their other Adviser.

LUSKIN FINANCIAL PLANNING services are provided in our capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In accordance with ERISA Section 408(b)(2), Plan Sponsors are provided with a written description of LUSKIN FINANCIAL PLANNING's fiduciary status, the specific services to be rendered and all compensation, whether direct or indirect, that a Plan Sponsor should reasonably expect under the engagement.

As an investment adviser registered under the Securities Act of Washington and other applicable federal and state securities laws, the Adviser owes the client a fiduciary duty to put the Client's interest first which includes, but is not limited to, a duty of care, loyalty, obedience, and utmost good faith. While the Adviser may have specific responsibilities under ERISA to disclose its ERISA fiduciary services separately from its non-ERISA fiduciary services, this does not affect the Adviser's investment adviser fiduciary duty to the Client.

Jon Luskin is available for live, in-person presentations for your conference or private company event, in 1-hour formats. Topics include total portfolio performance in light of bond maturity and credit quality, endowment investing, and dollar-cost averaging using the CAPE ratio. The advice is general in nature. Jon's speaking fee is \$500 – \$1,000 (in addition to reimbursement for coach airfare on, 1-2 nights of accommodations as necessary based on travel arrangements, parking, and ground transportation). Fees vary depending on the size, timing, and location of the event.

C. Client Account Management

LUSKIN FINANCIAL PLANNING provides advice only. All accounts are customized to a Client's need. This begins by gathering information from a Client about their background, goals, risk tolerance, and current holdings. This is done through a questionnaire or over the phone. The Firm then analyses the client's current investments and assesses whether the portfolio is properly aligned with the Clients short- and long-term needs.

The Firm then engages the client in a discussion before making recommendations that may lower investment cost, reduce redundancy, simplify a portfolio, and create an overall better fit for the Client. A Client may impose restrictions on investing in certain securities or types of securities due to tax considerations and other circumstances.

Portfolio implementation is the responsibility of each Client or their other Adviser. The firm does not assume discretion over Client assets, does not trade accounts, and does not custody assets. The Firm does not provide investment supervisory services, also known as investment management, portfolio management or asset management.

An Investment Policy Statement (IPS) is not automatically provided as part of the advisory agreement. It may be requested of LUSKIN FINANCIAL PLANNING by a Client and our regular fee applies to the time allotted for an IPS preparation. The written IPS then belongs to the Client and can be used by them or their other Adviser in the implementation of an investment plan.

When a Client hires a third-party to manage their portfolio or for any other services, the Client is responsible for contracting with that firm and paying their fee. The cost is not included in the LUSKIN FINANCIAL PLANNING fee.

D. Wrap Fee Programs

LUSKIN FINANCIAL PLANNING does not participate in any wrap fee programs.

E. Assets Under Management

LUSKIN FINANCIAL PLANNING does not manage Client assets or assume discretion over Client assets.

ITEM 5: FEES AND COMPENSATION

A. Fees for Advisory Services

First time clients are billed a fixed \$3,695 fee for a One-Day Financial Review and returning clients are billed at \$350 per hour (\$35 per 6-minute intervals).

Our One-Day Financial Review introductory offer is available for new Clients in lieu of the hourly rate. The \$3,695 One-Day Financial Review fee covers a financial document review, up to 2.0 hour consultation, and summary letter. Clients requesting extra time during a One-Day Financial Review are invoiced at \$350 per hour in addition to the \$3,695. In regard to the \$3,695 fee, the fee converts to the hourly rate if the fee under the hourly rate is less. Not included in the one-time fee of \$3,695 is any complex analysis, such as a client-specific strategy for tax-efficient fund placement (asset location) or a client-specific strategy for selling positions in a taxable account. Those services are available at the hourly rate at the client's request.

LUSKIN FINANCIAL PLANNING fees are non-negotiable. The Firm may waive fees at the sole discretion of the Principal. LUSKIN FINANCIAL PLANNING may also change fees at the sole discretion of the Principal with client consent. Clients will be notified three (3) months in advance of any fee change. A fee change will be published on JonLuskin.com prior to taking affect but may not be updated in this document until the next annual amendment on March 31.

Jon's speaking fee is \$500 – \$1,000 (in addition to reimbursement for coach airfare on, 1-2 nights of accommodations as necessary based on travel arrangements, parking, and ground transportation). Fees vary depending on the size, timing, and location of the event.

B. Payment of Fees

Invoices are sent electronically at the end of a consultation. Methods of payment include credit card, debit card, check, and electronic funds transfer (AKA bank draft). There is no extra charge to a client for bank drafts or credit card payment. Checks should be made payable to Jon Luskin, LLC. Once an invoice is paid, no refund will be made.

All fees are due within 30 days of their invoice date. LUSKIN FINANCIAL PLANNING has the right to charge interest of 1.5% per month on unpaid balances until the account is paid in full. Upon request, a Client who has engaged the Firm for more than 10 hours in a single month may opt to pay a fixed monthly fee in lieu of a net 30-day payment. This option extends payments over two or more months without changing the total amount due. No interest will be charged to extend payments.

Either party may cancel the advisory agreement for any reason by notifying the other party in writing. Any fees incurred prior to termination become fully payable within 30 days of the termination date.

If a client does not receive the Brochure at least 48 hours prior to entering into an investment advisory agreement, the advisory client has a right to terminate the contract without penalty within five business days after entering into the contract.

Payment policies for the Adviser's speaking engagements and the Adviser's acceptable form(s) of payment for those engagements are the same as the above.

C. Other Fees and Expenses

Clients are responsible for the payment of fees and charges imposed by third parties in connection with the services of others. These include, but are not limited to fees from other Advisers, custodians, mutual funds and ETFs. LUSKIN FINANCIAL PLANNING receives no part of the fees charged by others.

D. Prepayment of Fees

LUSKIN FINANCIAL PLANNING does not invoice in advance and does not require a deposit. In the event a Client voluntarily pays a deposit, upon termination of our service, the unused portion of the deposit will be refunded based on the prorated amount of work completed using the hourly rate.

E. Termination of Services

Either party may terminate the agreement at any time by providing written notice to the other. LUSKIN FINANCIAL PLANNING will not be responsible for further services upon receipt of a verbal or written termination notice. We will also not be responsible for closing Client accounts with another Adviser or third party. Should a Client wish to do so, the Client must communicate with those third parties directly.

F. Compensation for Sales of Securities

LUSKIN FINANCIAL PLANNING does not buy or sell securities and does not receive any compensation for securities transactions.

G. Brokerage Practices

See section Item 12: Brokerage Practices, located on page 15 of Part 2A that discusses brokerages.

ITEM 6: PERFORMANCE-BASED FEES

LUSKIN FINANCIAL PLANNING does not charge performance-based fees. The firm does not engage in side-by-side management

ITEM 7: TYPES OF CLIENTS

LUSKIN FINANCIAL PLANNING offers advisory services directly and indirectly to individuals, families, family offices, retirement plans, non-profit organizations, and most other legal entities. We do not offer exclusive contracts. Hiring our Firm does not preclude any other potential Client from hiring our Firm. All Client information is held in strict confidence.

LUSKIN FINANCIAL PLANNING provides advice only. Therefore, requirements for opening or maintaining an account, such as a minimum account size, do not apply.

ITEM 8: METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

A. Methods of Analysis

When we are engaged to provide investment advice, we will first gather and consider several factors, including, but not limited to a Client's:

- current financial situation and need
- interim and long-term goals and objectives
- level of investment knowledge
- tolerance or appetite for risk, as well as the need to take risk
- tax basis of current holdings and an assessment of tax implications
- reasonable investment restrictions involving securities in a current portfolio

We then derive market research and product information from numerous sources, including but not limited to:

- Federal Reserve data
- IRS tax documents
- third-party research materials
- SEC filings
- fund sponsors
- media sources

All the above information comes together at LUSKIN FINANCIAL PLANNING to create a reasonable asset allocation and investment selection for a Client's short- and long-term needs. This analysis is discussed directly with each Client and final recommendations are made.

LUSKIN FINANCIAL PLANNING does not guarantee that investments will increase in value, and on the contrary, emphasizes that investing comes with inherent risk. Investments can and will lose value in certain years, and the Clients can and should expect their portfolio will lose value in certain years.

Investment advisers must also explain the material risks involved for each significant investment strategy or method of analysis they use and for any particular type of security they recommend primarily. Investment advisers must explain those risks in greater detail if the risks are unusual or significant. If the primary strategy involves frequent trading of securities, investment advisers must explain specifically how frequent trading can affect investment performance.

B. Investment Strategies

LUSKIN FINANCIAL PLANNING generally employs a long-term, passive investment philosophy utilizing a strategic asset allocation for our Clients that is consistent with their long-term financial goals. Strategic asset allocation is defined as a fixed allocation among risky assets (stocks), less risky assets (fixed income), and cash that is rebalanced occasionally. The Firm does not invest in commodities, future, options or currencies, and does not attempt to time markets, rotate sectors or industries. The Adviser does not recommend the noted products and strategies.

The Firm primarily utilizes low-cost market-tracking index mutual funds and ETFs to develop an asset allocation for each Client. The firm may recommend mutual fund and ETFs that have risk factors other than market risk, such as value and size risk. Any strategy deviating from the broad market risks underperformance. This includes value, size, etc. The overall allocation is designed to create an asset mix that will balance expected risk and return for a long-term investment horizon of typically 15 years or more.

C. Risk of Loss

LUSKIN FINANCIAL PLANNING will assist Clients in determining an appropriate portfolio strategy based on their tolerance for risk and other factors. However, there is no guarantee that a Client will meet their goals. Investing in securities, including index funds or ETFs, involves investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss.

Passive Investing

A portfolio that employs a passive, efficient market approach (representative of "index investing") will not take defensive measures such as moving out of investments. In addition, the goal of passive or index investing is to deliver as close as possible to benchmark returns.

Index Investing

Strategies involving index investing have the potential to be affected by "active risk" (aka "tracking error risk"); or a deviation from a benchmark. Since the core portfolio attempts to closely replicate a stated benchmark, the source of the tracking error or deviation may come from a satellite portfolio or position, or from a "sample" or "optimized" index fund or ETF that may not as closely align the benchmark. LUSKIN FINANCIAL PLANNING generally recommends large index funds that have had minimal tracking error.

ETF and Mutual Fund Risks

The risk of owning ETFs and mutual funds reflect the risk of their underlying securities (e.g., stocks, bonds, etc.). ETFs and mutual funds also carry additional expenses based on their share of operating expenses and certain brokerage fees. LUSKIN FINANCIAL PLANNING generally recommends broad funds that are among the lowest costs (minimizing expenses and maximizing diversification). We do not recommend leveraged or inverse ETFs, which involve greater risk.

Fixed Income Risks

Various forms of fixed income instruments, such as bonds, money market funds, bond funds, and certificates of deposit, may be affected by various forms of risk, including credit risk, duration risk, interest rate risk, liquidity risk, and reinvestment risk.

Failure to Implement

Implementation is the most important part of the investment process. Clients who choose not to take the steps recommended may face an increased risk that their stated goals and objectives will not be achieved. LUSKIN FINANCIAL PLANNING can assist a Client with implementation as part of the hourly service as well as provide introductions to independent advisers who can help implement.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with LUSKIN FINANCIAL PLANNING and their other adviser if applicable.

ITEM 9: DISCIPLINARY INFORMATION

We have not been the subject of any disciplinary action, whether criminal, civil or administrative (including regulatory) in any jurisdiction. In addition, no persons involved in the management of the Firm have been the subject of any such action.

Despite having never been the subject of any disciplinary action, to satisfy its disclosure obligations under § 203A(a) of the Massachusetts Uniform Securities Act, know that a client can obtain the disciplinary history of the registrant or its representatives from the Division upon request.

D. Other Investment Advisers

This item is not applicable.

ITEM 11: PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS, CODE OF ETHICS, AND PERSONAL TRADING

A. Code of Ethics & Personal Trading

LUSKIN FINANCIAL PLANNING and Jon Luskin, LLC has adopted a Code of Ethics, which includes our Employee Investment Policy. This policy establishes procedures with respect to investment transactions in accounts in which our “Supervised Persons” have a beneficial interest. The Firm will provide a copy of its Code of Ethics to any Client or prospective Client that request it.

In addition, the Firm follows the CFP Board's Code of Ethics and Standards of Conduct, which reflects the commitment that all CFP® professionals make to high standards of competency and ethics. The CFP Board's Code of Ethics and Standards of Conduct is available for review to Clients upon request.

B. Personal Trading with Material Interest

LUSKIN FINANCIAL PLANNING allows a Supervised Person to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. This may create the potential for a conflict of interest; however, the risk is mitigated by the Firm’s adoption of the CFP Board's Code of Ethics and Standards of Conduct whereby at all times when providing Financial Advice to a Client, a CFP® professional must act as a fiduciary, and therefore, act in the best interests of the Client. The Adviser owes the client a fiduciary duty to put the client’s interest first which includes, but is not limited to, a duty of care, loyalty, obedience, and utmost good faith.

We do not act as principal in any transactions. LUSKIN FINANCIAL PLANNING does not act as the general partner of a fund or an investment company, does not have a material interest in any securities traded in Client accounts, or recommend any security in which the Firm or a “related person” (e.g., associate, an immediate family member, etc.) has a material financial interest, such as in the capacity as a board member, underwriter or advisor to an issuer of securities, etc.

C. Personal Trading in Same Securities as Clients

LUSKIN FINANCIAL PLANNING has adopted personal trading policies to mitigate potential conflicts of interest when a Supervised Person trades in the same securities recommended to our Clients. We believe that our largely passive investment approach limits conflicts that can occur with respect to personal trading. When we believe a transaction may create a conflict of interest, our policy is to disclose it to our Clients and mitigate it through policies and procedures.

The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades knowingly and willingly made ahead of Clients, or by trading based on material non-public information. This risk is mitigated by requiring regular reporting of personal securities trades by a Supervised Person for review by our Chief Compliance Officer (“CCO”). The CCO is the same individual as the supervised

person. A Supervised Person must not engage in personal trading that violates the fiduciary duty owed to each Client.

D. Personal Trading at Same Time as Client

While LUSKIN FINANCIAL PLANNING allows a Supervised Person to purchase or sell the same securities that may be recommended to and purchased by Clients, we believe the largely passive investment approach limits conflicts of interest that can occur with respect to personal trading and at the same time we recommend certain investments to Clients. Supervised persons must not engage in personal trading that violates the Code and Standards or the fiduciary duty owed to each Client.

To reduce or eliminate certain conflicts of interest involving personal trading (i.e., trading ahead of client recommendation, etc.), firm policy may require that we periodically restrict or prohibit Supervised Person transactions. Any exceptions must be approved by the firm, and we will maintain personal securities transaction records as required.

ITEM 12: BROKERAGE PRACTICES

As an Adviser and a fiduciary to our Clients, we require that the Client interests must always be placed first and foremost, and our trading policies and procedures prohibit unfair trading practices and seek to disclose and to avoid actual or potential conflicts of interest or to resolve such conflicts in the Clients' favor. We have adopted the following policies and procedures to meet the Firm's fiduciary responsibilities and to ensure that our trading practices are fair.

The Adviser does not accept client referrals from a broker-dealer or custodian.

A. Recommendation of Custodians and/or Broker-Dealers

Broker-dealer/Custodian Referrals

LUSKIN FINANCIAL PLANNING does not receive any compensation from any third party in connection with the recommendation for establishing an account. As a fee-only hourly Adviser that does not manage portfolios, it is the Client's decision where to custody assets and to move their assets to that custodian. The Client or their other Adviser is then responsible for negotiating the commission rates and other fees to be paid to the broker-dealer/custodian.

A Client that asks for a custodian recommendation will be provided with one. Custodians recommended include Vanguard, Charles Schwab, and Fidelity. Some of the factors we consider when recommending a custodian include, but are not limited to:

- The ability to invest in a wide variety of index funds and ETFs;
- Transaction costs and other custodian fees;
- Technology ease of use by Client;
- Customer service provided by the custodian;
- Access to local offices for those clients who prefer this option;
- Custodians already in use for 401(k), 403(b), SIMPLE IRA, etc. accounts of Client's current employer.

Clients who are subject to ERISA agree that LUSKIN FINANCIAL PLANNING has no authority over the broker-dealer or custodial decisions. The amount paid for brokerage, custody and other services is determined by the Client exclusively.

Soft Dollars

Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. LUSKIN FINANCIAL PLANNING does not participate in soft dollar programs offered by any broker-dealer/custodian.

B. Trade Aggregation and Allocation

LUSKIN FINANCIAL PLANNING does not trade Client accounts. Trading is the sole responsibility of the Client or their other Adviser.

ITEM 13: REVIEW OF ACCOUNTS

A. Frequency and Nature of Periodic Reviews

LUSKIN FINANCIAL PLANNING offers as-needed hourly advice. Client portfolios are reviewed by Jonathan Luskin when requested by each Client. The Client or their other Adviser is responsible to provide LUSKIN

FINANCIAL PLANNING with current information about account holdings to be reviewed. Portfolios may include but are not limited to, a review of a Client's financial goals, current investment policy, risk tolerance level, cost, diversification, tax efficiency, and other matters.

B. Factors Resulting in a Non-Periodic Account Review

Client portfolios are reviewed by Jonathan Luskin as requested by each Client. Reviews often occur after material events (market, economic or political) or due to a significant change in a Client's financial situation (pre-retirement, change in employment situation, inheritance, change in family status).

C. Client Reporting

LUSKIN FINANCIAL PLANNING does not manage investment portfolios or provide ongoing monitoring of client assets. We may communicate with current and former Clients approximately once per month by email for marketing purposes to remind them of our services. The email is not investment advice.

D. Fees

Each time the Adviser charges an advisory fee, the Adviser will provide an invoice to the client that contains the fee(s), the formula used to calculate the fee(s), the fee calculation itself, the time period covered by the fee(s).

As LUSKIN FINANCIAL PLANNING is an advice-only financial planning firm – providing only advice, and not providing portfolio management – no fees for amounts of assets under management apply. Similarly, the Adviser makes no charges based on performance compensation – as that does not apply to an advice-only financial planning firm.

ITEM 14: CLIENT REFERRALS AND OTHER COMPENSATION

We are compensated only through fees charged directly to Clients or their other Adviser. Neither LUSKIN FINANCIAL PLANNING nor other Jon Luskin, LLC business accepts compensation from any Client based on a percentage of their assets or brokerage commissions or any other form of payment.

If another Adviser refers Clients to LUSKIN FINANCIAL PLANNING, there should be no expectation on behalf of the other Adviser that we will refer Clients back to them. LUSKIN FINANCIAL PLANNING may send a referral to a third party that we have received a referral from only if we believe referring to that firm is in the best interest of the Client. No revenue or economic benefit of any kind is expected or anticipated by LUSKIN FINANCIAL PLANNING or any Jon Luskin, LLC business for a referral to an Adviser or third party. As an investment adviser registered under the Securities Act of Washington and other applicable federal and state securities laws, the Adviser owes the client a fiduciary duty to put the Client's interest first which includes, but is not limited to, a duty of care, loyalty, obedience, and utmost good faith.

The Adviser does not pay any compensation for client referrals.

ITEM 15: CUSTODY

LUSKIN FINANCIAL PLANNING does not accept or maintain custody of any Client accounts. It is the Client's decision to custody assets with the Custodian and to move their assets to that custodian. The Client or their other Adviser is also responsible for negotiating the commission rates and other fees to be paid to the broker by the Client. LUSKIN FINANCIAL PLANNING is not responsible for paying any commissions or custodial charges. For more information about Custodians and brokerage practices, see Item 12 - Brokerage Practices.

Clients are urged to compare the account statements they receive from the client's bank or custodian with invoices they receive from the Adviser.

ITEM 16: INVESTMENT DISCRETION

LUSKIN FINANCIAL PLANNING does not accept discretion over Client assets.

ITEM 17: VOTING CLIENT SECURITIES

LUSKIN FINANCIAL PLANNING does not manage investment portfolios and does not accept proxy-voting responsibility for Clients. We may assist in answering written questions from Clients relating to some proxy issues; however, the Client or their other Adviser retains the sole responsibility for proxy decisions and voting.

Clients will receive their proxies or other solicitations directly from their custodian or a transfer agent.

ITEM 18: FINANCIAL INFORMATION

Neither LUSKIN FINANCIAL PLANNING nor Jon Luskin, LLC or Jonathan Luskin has been subject to a bankruptcy or financial compromise. We have no financial commitments that would reasonably impair our ability to meet our contractual obligations and fiduciary commitments to our Clients. We do not require or solicit prepayments from Clients of \$500 or more six months or more in advance and thus are not subject to SEC Rule 206(4)-4.
